University

# SINGAPORE CONFERENCE ON APPLIED PSYCHOLOGY

BY DR. BRIAN MOORE

**2023 Singapore Conference on Applied Psychology (SCAP 2023)**, organized by East Asia Research and supported by Singapore University of Technology and Design and Charles Sturt University, will be held in the cosmopolitan city of Singapore.

The theme of the Singapore Conference on Applied Psychology 2023 is “**Psychological Well-being**”.

We invite researchers and practitioners from all fields of psychology research and practice to present and discuss recent innovations, trends, concerns, practical challenges encountered and the solutions adopted in the field of Applied Psychology, with a special focus on psychological well-being. This can include clinical and non-clinical psychological well-being and we encourage submissions that cross disciplines, for example psychological well-being in education and the workplace. We welcome submissions from a range of methodological approaches, including quantitative and qualitative work.

## What can you expect at SCAP 2023?

- Ample interaction opportunities for SCAP delegates
- Top Singapore hospitality for all attending delegates
- An intellectually stimulating scientific program featuring more than 70+ presentations by leading researchers, teachers, and practitioners
- An opportunity for East-West science and practice collaborations at SCAP

## IMPORTANT DATES

**Abstract Submission Deadline: 12th July 2023**

**Author Notification Date: 26th July 2023**

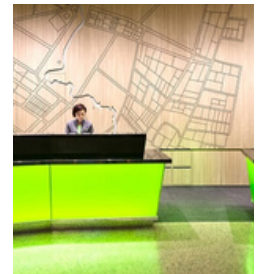

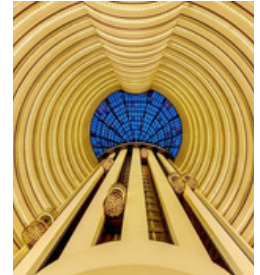

**Final Paper Deadline: 4th October 2023**

**Early Bird Registration Deadline: 11th October 2023**

**Final Registration Deadline: 7th November 2023**

**Conference Date: 7-8th December 2023**

## VENUE

## HOLIDAY INN SINGAPORE ATRIUM

317 Outram Road, Singapore 169075

### 5 Star conference venue overlooking the Singapore River

Holiday Inn Singapore Atrium is strategically located in the heart of the city, steps away from the iconic Singapore River. A mere 25-minute ride from Changi Airport, its central location places you minutes from the Central Business District and Marina Bay, and is seamlessly connected by car, bus and train to city attractions such as Orchard Road, Sentosa, Universal Studios, Gardens by the Bay, Clarke Quay, Chinatown and Tiong Bahru. Take a dip in one of our outdoor pools or engage in a workout at our 24-hour fitness center. After hours, unwind at our lobby bar or the Executive Lounge that overlooks Singapore's stunning skyline.

# KEYNOTE SPEAKERS

## Keynote Speaker

### Dr Samuel Chng

Head of Urban Psychology Lab, Lee Kuan Yew Centre for Innovative Cities, Singapore University of Technology and Design

Samuel Chng is a Research Fellow and heads the Urban Psychology Lab in the Lee Kuan Yew Centre for Innovative Cities at the Singapore University of Technology and Design. He is an applied social psychologist and his research focuses on human behaviour and decisions in cities across a range of areas including sustainability, mobility and wellbeing. His work is multidisciplinary and applied in nature, focusing on delivering practical and policy impacts.

## Conference Chair/ Keynote Speaker

### Dr Brian Moore

Educational Psychology & Child Development, School of Education, Charles Sturt University

Dr Brian Moore is a researcher at Charles Sturt University whose work promotes mental health and wellbeing. With a professional background as a registered psychologist and educator, Dr Moore has significant experience working with children, adolescents, and their families. Dr Moore gained a Bachelor of Arts from The University of Sydney, has multiple postgraduate qualifications in education and psychology, and was awarded a Doctor of Philosophy by Macquarie University. Dr Moore's most recent work examined a martial arts-based psychosocial intervention with adolescents. This work has been translated in an international collaboration with researchers in regional India and a related project in Nepal. Additionally, Dr Moore is leading a study examining pre-service teacher wellbeing, and is currently conducting an intervention using cooperative electronic gaming to improve conflict related to school-based bullying. Dr Moore serves as a Special Advisory Group member for UNESCO regarding youth development and engagement, and he serves on various advisory and professional committees for the Australia and New Zealand Mental Health Association, International Academic Forum, and the School Counsellor and Psychologists Association NSW.

## Conference Chair

### Dr Yow Wei Quin

Assoc. Professor & Assoc. Head of HASS (Research), Singapore University of Technology and Design

Associate Professor Yow Wei Quin is currently the Associate Head (Research) in Humanities Arts & Social Science at the Singapore University of Technology and Design, and a visiting Senior Academician at the Changi General Hospital. She obtained her PhD (Psychology), MA (Psychology) and MSc (Statistics) from Stanford University, USA. Her main area of research is examining socio-cognitive development across the lifespan, including how factors such as the language environment that we grow up in influence our cognitive functioning, as well as how technology influences the way we communicate and interact with each other. Professor Yow has published more than 50 international peer-refereed papers, conference proceedings and book chapters in top-tiered journals and conferences such as Developmental Science, Child Development, Journal of Gerontology Series B, Bilingualism: Language & Cognition, Frontiers in Psychology, Cognitive Development, GSA, SRCD, Cognitive Science Society, etc., in the area of social cognition, bilingualism, technology and aging. She also currently serves in the Editorial Board for Cognitive Development, and Frontiers in Psychology, and a recipient of multiple awards, such as the Public Administration Medal (Bronze), GSA Diversity Mentoring & Career Development Fellowship, SUTD Outstanding Education Award, and the Society of Personality and Social Psychology Teacher/Scholar Award.
