

XVIII. International Traffic and Transport Psychology Conference May 16-17, 2024 Berlin, Germany

XVIII. International Traffic and Transport Psychology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Social and Business Sciences.

Today more than ever before it is extremely important to stay abreast of the changing landscapes of the Social and Business Sciences world. The multidisciplinary focus of this event aims to bring together presenters and attendees from different fields with expertise in various areas of Social and Business Sciences, providing an excellent opportunity to participate in the international exchange of ideas, current strategies, concepts and best practices, collaborations, and cooperation, offering a broader perspective and more enriching experience.

The program includes time allocated for networking, peer-to-peer discussions, and exploring the host city.

We invite the participation of leading academic scientists, researchers and scholars in the domain of interest from around the world to submit original research contributions relating to all aspects of:

- Accident Prevention and Safety Intervention Techniques
- Accident Research
- Behavior Research
- Behavioural and Psychological Aspects of Traffic and Transport
- Counseling Psychology
